Sam Coleman from EPA Region 6 sent an email to Chief of Staff Robin at the RRC. He's also looped in Milton Rister and Richard Hyde. Milton Rister has confirmed for 1:00 pm or later on June 20, and will be representing RRC at the June 20 meeting.

Does June 20 afternoon work for TCEQ? Thank you very much.

Hi Lisa,

This meeting has been looped through so many channels I thought it best to contact you directly. The Executive Director (Richard Hyde) and Chairman (Bryan Shaw – my boss) of TCEQ are all set to go for June 20th.

Since we last spoke, have you gotten in contact with the Railroad Commission's scheduler about this meeting? If not, I can reach out. We are trying to get a set time for the meeting so please let me know the availability on your end.

Thanks,

Grace Bledsoe
